

# Easy CHARADES With Disney's The Lion King

*For Kids Ages 3+*

**Step 1:** Watch *Disney's The Lion King* film with the kids.

**Step 2:** Divide characters from *Disney's The Lion King Deluxe Figure Set* in small baskets according to the number of kids. *Have a separate 'done' basket for the kids to put all the animals back in once they are done using them.*

**Step 2:** Have the first child (beginning with the youngest) chose a character from his or her basket and act it out for the others. *The other kids will try to guess which character is being acted out.*

**Step 3:** Once the first child is done, have him or her show the kids the character he chose. Then place it in the separate 'done' basket.

**Step 4:** Have the second child act out a character from his or her basket *and so on* until every kid has had a turn.

**Step 4:** After each kid has had a turn with their first character, start over with their second characters (in the same order as the first round) until all the kids are done with all the characters in their baskets.

**Step 5:** If the kids want to continue playing, mix up the characters and give them a different set of *Disney's the Lion King Deluxe Figures* than what they had the first time.

**Encourage the kids to choose a different action than what has already being shared to act out.**

## Rules of the Game

- Do not show the other kids the animals in your basket.
- No peeking to see which animals the other kids have.
- Act out the characters as best as you can.
- You may choose to act like the animal by doing something it does or act like his character in the movie.
- You can make sounds but do not use any words.
- Have fun playing!
